

Campaign is halfway to goal

By Tracy Anderson

Two special-model hand-knitged schoolbags, manufactured by Winnipeg's Knit & Sew, are now on their way to the 100 goal.

Wendy Lewis, secretary to the director of the schoolbag campaign, said the two bags, each valued at \$12.50, will only use a quarter of the budget.

The campaign officially has been on since Oct. 1, and Lewis said she expects to follow up with a similar event.

The first of three hand-knitged events was held Sept. 29 at the 1000-people school along 20th and 10th, which is situated in a new school building by the University of Manitoba.

Wendy Lewis, who is also the director of the schoolbag campaign, said she expects to follow up with a similar event.

"I expect that will be the last one," she said.
